

# Visiting Grandparents

By Leola Motley

Today my family and I are traveling to Florida. We are going to visit my grandparents. My grandparents live in a huge house. They have 6 bedrooms and 4 bathrooms. They have beautiful color flowers in front of their house. I especially like the purple flowers. Purple is my favorite color. My grandparents have fruits and vegetables in their backyard. My favorite vegetable is corn on the cob. I like butter on my corn on the cob.
